Cholla Community,

It is with great pride that I announce Cholla High School has moved up our school letter grade going from a "C" to a "B"! Since 2021, we have been moving in the right direction showing a steady increase toward our goal of becoming a "B" school. This is definitely a team effort, so I want to thank every staff member, student, and community member that has contributed to this great accomplishment. The school letter grade is based on a variety of school wide data. Due to growth in key areas, we have made the move up. Change, hard work, and consistency have played a role to the success of our school. The interesting part is that we can see so many more opportunities for growth. In the coming weeks, we are going to find ways to celebrate, but we also know that we will not be resting...in fact, we will do the opposite! We will continue to focus on Rigor, Attendance and Connectedness throughout the year. It is a great day for the Cholla Community, and I am honored to be a part of it.

Thank you and go Chargers!
