Memory Poems:

Family members receive paper with 8 structured sentence stems based on their own experiences.

Afterwards, members will edit/revise their 8 sentences into a free verse poem.

Black Out Poems

Family members receive pages from famous books.

They'll receive Sharpies to black out words to create their own poetry.

Pass Along Poetry:

Families receive a blank piece of paper with a guiding theme.

A family member will secretly write two lines of poetry, fold down the paper, and pass it on.

This continues until the paper is full.

Afterwards, the family will unfold and ready the combined poem together.
