9. Site Council Goals for the year	Dong	Discussion - the site council would like to support folks wanting to start and lead clubs at Cholla. This is due to a need as a result of the 21st century grant not being available. The council is going to send out an interest survey and work with interested parties to get a club going on campus. This would provide students with safe, healthy and engaging opportunities at Cholla and would directly support Cholla's mission and vision.
